

The Sustainable Kingsway Way

Our way is to reduce, reuse, re-cycle.

Our way is to dispose of litter carefully and in the correct bin.

Our way is walk, run or even scooter to school when possible!

Our way is to eat lots of healthy food.

Our way is to learn about locally grown food in partnership with co-operative farms.

Our way is to save water by turning off taps when they are not in use.

Our way is to save energy by only using the electricity we actually need and switching off electrical items that are not in use.

Our way is to compost our fruit rubbish.

Our way is to make our school environment welcoming for wildlife.
